

# ACHEN-GARDNER CONSTRUCTION

NOVEMBER 2023 NEWSLETTER

## Touch-A-Truck at Litchfield Park

Achen-Gardner was happy to be a sponsor at the Litchfield Park Touch-A-Truck event on November 18th. Our employees-owners had a blast passing out fun swag and showing off some of our equipment. This free family event gave kids of all ages the opportunity to see and touch the equipment and learn all about construction. Thank you to all the volunteers and sponsors who helped make this event a huge success.

## Fantasy of Lights

Achen-Gardner is proud to be a sponsor of the City of Tempe's Fantasy of Lights Street Parade (November 24th) and Fantasy of Lights Boat Parade (December 9th). These holiday traditions bring together families and friends to kick off the holiday season. [Visit the event website for more information.](#)

# Improvements in Chandler

## Detroit Basin/Gazelle Meadows Park Storm System and Associated Improvements CMAR

We recently started work on this project, which will address flooding issues by improving drainage in the area of Detroit Basin and Gazelle Meadows Park and provide other much-needed improvements to water and sewer infrastructure in the surrounding neighborhood. We are working with local stakeholders to maintain safety and access during construction. [Visit our website for more project information.](#)

# Waterline Replacements

## North Tempe Waterline Replacement CMAR

Residents in Tempe may see our crews installing 8” and 12” waterline throughout their neighborhood. This work also includes service connections, fire hydrants, other water appurtenances, sidewalks, curbs, gutters, driveways, and pavement replacement as needed to complete the project. [Visit our website for more project information.](#)

# Gilbert Project in the News

Our award-winning Zone 1 - Transmission Main Assessment and Rehabilitation CMAR project for the Town of Gilbert was recently featured in an article published by Water Finance & Management. This article was written by WFM Staff and talks about how this project helps the Town of Gilbert extend the life of the critical water main. “Achen-Gardner Construction completed improvements including replacing isolation valves, air release valves, and drains while adding new system interconnects and manways in strategic locations.” [Click here to read the full article.](#)

# From Tucson With Love

We had a great time talking with everyone at the ACEC James Bond-themed Arizona Conference on Roads & Streets on November 1st-3rd at the Hilton El Conquistador Tucson. We showcased roadway and drainage improvement projects and handed out fun giveaways including our grand prize, a Williams Sonoma Martini Gift crate...for those who like their martinis shaken, not stirred. [Visit our website for more event photos and information.](#)
